MAYOR'S  
COLUMN

WEDNESDAY JULY 13, 1966

My sympathies this week go to a small group and a large group in St. Albert. The large group will suffer because of the smaller group. A small group who would destroy the only solid Recreation Capital Expenditure program to be put before the people in St. Albert for many years. Make no mistake about it all you petition signers and be forewarned - your signature on that petition is NOT a signature for an INDETERMINATE (even though this is what you may believe and hope it is). It is in fact a signature AGAINST a period of any description for an indeterminate length of time. Surely you do not honestly believe that by successfully petitioning against the Recreation By-law and then successfully defeating it in a plebiscite you are ensuring an Indoor Pool. THIS IS UTTER NONSENSE. It was only through a great deal of effort (and ceiling) that the Local Authorities Board gave us their approval for this program, and only then with some well chosen comments that we could not truly afford even this work. It takes no imagination whatsoever to anticipate what their answer will be next year if they are approached for a larger amount of money for one facility only. They will base their decision on two facts only:

1. They didn't limit we would do it in 1966.
2. Our ratepayers obviously don't want these facilities as they have turned down the plebiscite.

There is something I would really like and really enjoy and maybe there are several of us in St. Albert. That is to be the owner and driver of a brand new Cadillac Convertible with buttons for every thing, while this is an honest wish and desire I cannot bring myself to wait because I cannot afford the Cadillac. Instead I drive and rent a CHEVROLET. It doesn't do everything a Cadillac would do - it doesn't provide the comfort or ease of driving, I have to manually roll the windows up and down, the seat doesn't move four directions automatically, it does not have the power, there is no great pleasure in driving a Chevy - but I CAN AFFORD IT. And it does the basic job of transporting me from here to there. But if the day ever comes that all my other obligations can be met and still have money enough for a Cadillac, by all means help I'll have one. In the meantime I must drive what I can afford. Does not the same situation apply to our Recreation Program? Even if you might not think so the Local Authorities

by Heide Sibbe

## IT'S PETITION TIME AGAIN

Mayor Fowler informed Council that a petition is being circulated in Town, protesting the Recreational Facilities (indoor pool, tennis courts, arena etc.) The Mayor said that in most instances the signers are being given

wrong information by those people who are circulating the petition. The people are told that the proposed outdoor pool cannot and will never be covered, that a major complex, including an indoor pool, could be started immediately. "All these facts are misconstrued" said Mayor Fowler. In the event that a petition bearing a minimum of 190 signatures of

property owners is delivered to the Town Hall before 5 p.m. Friday July 15th, the outdoor pool and all other recreational facilities cannot be proceeded with and will have to be brought to plebiscite in October.

## PUBLIC MEETING

Council Monday night called for a public meeting to be held Thursday July 14th, at 8 p.m. in the

Community Hall, for the purpose of discussing the swimming pool. Everyone, for or against is urged to attend and be informed.

## DOWNTOWN DEVELOPMENT

Mr. Donald Hall appeared before Council to speak on the development of the downtown area. Mr. Hall favours small businesses

Just  
5 Feet  
Difference!

A ball-doser operator caused a conflict quite innocently between our resident Flight Lieutenant R. Hayhurst, 30 Seymour Crescent, and St. Albert's Engineering Dept. Mr. Hayhurst had placed his garbage cans as usual Wednesday night on the sidewalk closest to the boulevard.

On Thursday a ball doser came to level his driveway and the operator had to move Mr. Hayhurst's garbage cans in order for him to do his job. He

placed the cans onto the property of one of his neighbours. The neighbour then came and moved same cans, put them in front of Mr. Hayhurst's house BUT just so happened on the wrong side of the sidewalk, (5 ft from the position the Town would like them to be placed) As the Town Garbage crew passed Mr. Hayhurst's house they failed to pick up the garbage cans as they were 5 ft out of line (we like to think the crew just didn't observe them).

We know that the Town has regulations in regards to where and when they would like us to place our garbage cans, but in Mr. Hayhurst's case, who has always been so diligent in placing the cans in the right spot, surely these cans should have been picked up! One would think a first offence of this kind could be overlooked. We all know laws are made to be obeyed but a matter of 5 ft is being just a wee bit ludicrous. The Town administrator should

realize that placing the cans on the boulevard will kill the grass in time, as most garbage cans have a very sharp edge. Placing the cans in front of the driveway makes it just a little difficult to pass with one's car. Placing the cans on the concrete sidewalk doesn't make for a very good friendly relationship with the postman, the children playing, or neighbours etc. Oh - where - oh - where to put the cans asks many of us especially Mr. Hayhurst?

TEEN DANCE

Every Wednesday 8:15 p.m.

is murder to mix traffic with parking". In thanking Mr. Bull for his presentation to Council Mayor Fowler said "You have made considerable progress, we thank you for bringing this to our attention." The Mayor said that Mr. Bull would be invited to meet with Council again later in the year to discuss Urban Renewal and Downtown Development, ALL IN A DAY'S WORK.

An irate citizen has written a

letter to Council protesting a letter he has received from the Town Engineer advising him that unless he allowed the water meter reader entrance to his house his water supply would be cut off. Mayor Fowler said that the Engineer acted according to Town policy and related the following true-story to Council. A town employee had been sent to a house to repair a leaking water meter, when the leak was fixed the man wanted to take a reading but was prevented from doing so by a woman resident of the house who put her hand over the gage and under no circumstances would she allow the man to read the meter. These,

and other "water any" customers will be sent a copy of the Town's By-law covering water meters and readings.

**MOTEL:**

Permission was not granted for the building of a motel on the St. Albert Road next to the proposed Imperial Oil station. Commenting on the drawings of the 12 double unit motel, Councillor Bakker said, "Drawings looked like refugee camp rather than motel." He further noted that the units were to be put on skids.

**DR. STEWART RESIGNS:**

A letter of resignation from the

Hospital Board was received from Dr. David Stewart. Dr. Stewart is leaving for Toronto for Post Graduate Studies. Councillor de Bruijn moved a letter of thanks be sent to Dr. Stewart. Councillor de Bruijn said that Dr. Stewart's knowledge had been "a great benefit to this Town".

**FLAG:**

Councillor Bakker wondered if the flag on the Town Hall could be replaced. "The flag is now white," he said, "I am afraid people are drawing conclusions from this". He was assured that a new flag is on order.

**JUNK:**

Councillor Wheatley is still bothered by "unsightly premises". Some yards in Town have great quantities of junk, boards and contractors equipment" he said. The building inspector will look into this matter.

**KID:**

Councillor de Bruijn said that Council spends a lot of time looking after the catching and licensing of dogs, while the kids run around and steal his crab apples and

## PUBLIC MEETING

Town of St. Albert

RE.

SWIMMING POOL,

ARENA

&

TENNIS COURTS

THE MAYOR AND COUNCIL OF THE TOWN OF ST. ALBERT EXTENDS AN OPEN INVITATION TO ALL INTERESTED RATEPAYERS, PARTICULARLY PETITIONERS AND ORGANIZERS OF PETITIONS, TO ATTEND A PUBLIC MEETING AT THE COMMUNITY HALL ON THURSDAY, JULY 14TH, 1966, AT 8:00 P.M.

## Swimming Pool Affair Runs Hot!

A.J.N.

Council's decision to hold a public meeting this Thursday in the St. Albert Community Hall in regard to the swimming pool construction, was wise. There is lots of confusion at the moment amongst our citizens caused not only by the swimming pool problem, but also by many other problems in regard to this pool and the way in which it is to be built.

As we are strong supporters for the construction of an all year round swimming pool, we don't think that this would mean that we wouldn't have an open air swimming pool. It is a fact that our children under an open pool during the summer months as all of us are getting pretty fed up doing all our activities indoors over an open air swimming pool. Fresh air and sunshine is the order of the day when the hot weather. In other words, our Town needs an open air swimming pool, which is not too much to ask for a population of 10,000. Unfortunately we lost our indoor swimming pool project and grants in 1965 owing to unforeseen circumstances. In action during 1965 to start with a complete sports complex with an indoor swimming pool as the first stage, could not be realized as the land involved was not available at that time. However this didn't mean that the sports complex and indoor pool was a "FORGET IT". The project will certainly come back in the near future when the land for such a complex will be realized.

What happened after 1965 was only the wish of Council that our youngsters should have an opportunity as soon as possible to swim in an open pool. Council will have in mind the need of an indoor swimming pool which will also be realized as soon as possible. The proposed "open pool" will be constructed in a way that it can be covered when needed.

We don't know if it would be advisable to do so, as our kids and ourselves need an open pool to enjoy at least some months in good warm sunshine. Usually what happened now is that the building of the swimming pool is only reversed, instead of building an indoor at first we will build an "outdoor" and the indoor later. There is doubt amongst the petitioners that there will not be a "later" at all. We don't believe this as plans are now already underway to realize the "indoor pool" as soon as possible and we would not be surprised if Council comes up with some solid proposals after the October elections. As we talked with many Edmonton youngsters it made quite clear that they prefer at the moment the "open pool" and that they certainly would not like to see their city without "open pools". Why should we have troubles, confusion and hard feelings? St. Albert needs 2 pools, an open and a closed one. Let's start with the open one which we can afford at the moment and let us hear what the Mayor and Council have to say during Thursday evening's meeting about the indoor pool. If Council cannot give any promise in regard to the indoor pool we would then consider this a bad thing for St. Albert, but if Council cannot give any promise to an open pool it would be worse. Open and closed is the general thought of swimming experts all over the world. Open and closed should be our General Thought during the public meeting. Let's not fight over what should be built first but fight that both should be built in a reasonable time providing our citizens with a minimum of healthy sport, safety and pleasantly in the sun and out of the sun. We sincerely hope that this public meeting will solve these problems once and for all.

## BOB RUSSELL WITHDREW HIS NAME

Bob Russell, who originally signed the swimming pool petition, wrote a letter to the Mayor of our Town explaining why he withdrew his name from the petition. His letter reads as follows:

Dear Mayor Fowler,  
This is to advise you that I have withdrawn my name from a petition being circulated in the Town calling for a vote on the recently announced by-law for an open air swimming pool and other recreation facilities.

After some serious consideration

of the financial situation I feel that the defeat of this by-law would result in a lengthy delay of any type of facility which are so urgently needed.

However, I am still convinced that an open air pool is completely inadequate for swimming instruction and I sincerely hope that all members of council will move early in 1967 to complete the pool into a year round indoor pool that will serve the needs of our Town.

Yours truly,  
B. A. Russell.

Dog: (What Kids?)  
Dog: (What Kids?)

S. & S. HOMES LTD. - FENCES - STURGEON HEIGHTS STAGE V:

Certain lots in the Sturgeon Heights Stage V Subdivision required fencing in accordance with conditions laid down by Central Mortgage & Housing Corporation, S. & S. Homes had not been advised of this condition when they purchased the lots. Three lots are involved for a total footage of 300 feet and the estimated cost of materials and construction for this fencing, as approved by C.M. H.C., would be \$175.00. Council was in general agreement that the Town should pay for the fencing of these three lots, especially in view of the fact that S. & S. Homes had not been advised of this condition when they purchased the lots. UNIVERSITY EXTENSION COURSES:

Mr. Wheatley advised that he had successfully completed his Course in Municipal Functions and had received marks of 70% and that Mr. Billings had successfully completed a Course in Local Government Accounting and had received marks of 72%. Mr. Wheatley also advised that Mrs. Lena Holgerson had successfully completed the first year of the Recreation In-service Course offered by the Recreation and Cultural Development Branch.

Council agreed that in accordance with established Town policy, Mr. Wheatley, Mr. Billings and Mrs. Holgerson be reimbursed for tuition fees paid in regard to the subjects taken.

The Town will now be able to claim a full recreation grant in regard to Mrs. Lena Holgerson.

### R.C.M.P. RADAR UNIT

Mr. Wheatley presented a letter to the Committee from the R.C.M.P. Detachment St. Albert which advised that none of the members stationed on the Town Detail have a certificate of proficiency for the operation of the Radar Unit. However, Constable Rook, Station 1 in St. Albert on the Highway Patrol has a certificate of proficiency for radar operation. It was explained that in conducting Court cases it is required that the radar operator possess this certificate of proficiency and that Constable Rook had volunteered to operate the radar within the Town of St. Albert in conjunction with Town Detail members.

WALKER & NEWBY LTD. - Invoice No. 7881, dated May 12th, 1966. Invoice No. 7881 refers to Accounting Services for Grandin Park, Final to December 31st, 1965. The amount of the invoice is \$3,419.18.

This invoice had been submitted to the Town in accordance with Resolution of Council, No. 4073, of February 16th, 1966.

Mr. Wheatley pointed out that this invoice referred only to Grandin Park and did not include the Sturgeon Heights area. The invoice was based on the Engineering Services Agreement dated August 31st, 1967 and using as a basis for fee calculations, project costs as outlined in Walker & Newby's specifications and valuation of utilities and improvements report, March, 1965. Mr. Wheatley further explained that the previous method of invoicing was that the Town supplied Walker & Newby with the costs as per its records and that Walker & Newby then invoiced the Town at 10% of these costs. Considerable discussion followed in regard to the basis used in Invoice No. 7881 and it was agreed that a Special Committee Meeting will be held in August to discuss this with Mr. Walker.

CANADIAN UNION OF PUBLIC EMPLOYEES - LOCAL 941:

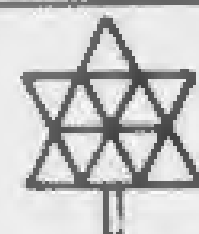

Mr. Wheatley advised Council that as a result of negotiations with the Union, he was now prepared to recommend to Council that the Union members be offered an increase of 6% effective March 1st, 1966 and a further 6% effective March 1st, 1967. This would result in the Contract running for two years.

The matter was tabled for 2 weeks.

### PROTESTANT SCHOOL BOARD

SPECIAL MEETING ST. ALBERT PROTESTANT SCHOOL BOARD ON JUNE 17th, 1966. TOWN WILL NOT USE TENNIS COURTS:

A reply by letter from the Town of St. Albert, dated June 24, 1966, advised that it is not the intention of the Town to request the use of the courts at the St. Alexander School under the Joint Use

### Program.

The Secretary-Treasurer was instructed to bring this matter to the Board's attention after the signing of the Joint Use Agreement TOWN ALLOWED TO USE FACILITIES:

The Town was granted use of trampolines, volleyball net and poles, gymnastics mats, trampolines, parallel bars, rings, rings with backboards, rings, ropes, spring board, and balance beam, under the standard agreement term during July and August, 1966, at a charge equivalent to depreciation of the equipment and subject to agreement by the Town that they will be responsible for the replacement of breakage, losses and damage to equipment and/or building.

TOWN CAN RENT TRACTOR:

The Board approved the Town of St. Albert tractor and equipment to the Town of St. Albert at a rate of \$2.00 per hour during July, August and September, 1966. The Town of St. Albert will be responsible for gasoline and maintenance of the tractor.

**Don't Stay  
in the Dark!**

## Evangelical Lutheran Church in Canada Will Become Autonomous .....

Pastor R. O. Olson of the St. Albert Evangelical Lutheran Church informed us that the Centennial year in Canada will have special meaning for many Lutherans. The Canada District of the American Lutheran Church has committed itself to become autonomous January 1st, 1967. The decision came at the 6th Annual Convention of the Church which was held in Saskatoon, June 13-17 (recently).

The vote for autonomy was a decisive one indicating a clear and positive concern that the Lutheran Church be better able to address itself to the Canadian scene.

The Constituting Convention of the new Evangelical Lutheran Church of Canada will be held in Regina early in November. Pastor Olson attended the Historic

Convention in Saskatoon. The Evangelical Lutheran Church of Canada is looking forward to co-operating with other Lutherans in Canada, through a new Lutheran Council in Canada, which also expects to begin operation in 1967. The other major Lutheran bodies in Canada are the Lutheran Church in America, and the Lutheran Church-Missouri Synod.

Pastor Olson attended the Historic Convention in Saskatoon. The Evangelical Lutheran Church of Canada is looking forward to co-operating with other Lutherans in Canada, through a new Lutheran Council in Canada, which also expects to begin operation in 1967. The other major Lutheran bodies in Canada are the Lutheran Church in America, and the Lutheran Church-Missouri Synod.
